SUNGLASSES WYNN ALDER

Frames with intricate designs combined with circular lenses constitute a timeless chic design of the Aarni Wynn Alder Wood sunglasses. Do not settle for dull glasses, but build a personal and impressive summer style with wooden Aarni Wynn sunglasses.

A warm tone of Finnish alder together with rose gold mirror lenses gives a great look to these sunglasses. Alder is traditionally used for smoking fish and also as a material for sauna benches. Each layer is carefully cross-woven and forged together, making frames extra durable and lightweight!

All Aarni sunglasses are delivered with a handy sunglass case made of cork.
